

- **Ronald J. Pedersen in Alta** will receive a **\$25,602** loan and **\$25,602** grant to help replace an existing inefficient dryer with a new efficient dryer system.
- **Gary Toenjes in Anamosa** will receive an **\$11,978** grant to help replace a grain drying system.
- **Eric Johnson in Aplington** will receive an **\$11,650** grant to help purchase a highly efficient grain dryer.
- **Donald Beatty in Atkins** will receive a **\$3,247** grant to help replace a grain drying system.
- **Verle D. Batz in Auburn** will receive a **\$24,895** loan and **\$24,895** grant to help replace an existing inefficient dryer with a new, energy efficient grain dryer system.
- **Carstens & Sons Farm in Bagley** will receive a **\$48,856** loan and **\$48,856** grant to help purchase and install a new energy efficient grain drying system.
- **Gary Kunde in Bellevue** will receive a **\$47,923** guaranteed loan and a **\$47,923** grant to help replace a grain drying system.
- **Midwest Land & Cattle, Inc in Bennett** will receive a **\$49,093** loan and **\$49,093** grant to help replace a grain drying system.
- **Dan Claussen in Bettendorf** will receive a **\$7,750** grant to help replace a grain drying system.
- **Douglas Loeffler in Brighton** will receive an **\$18,496** grant to help replace an inefficient grain drying system with a new, energy efficient grain drying system.
- **Harry Moeller in Buckingham** will receive an **\$8,690** grant to help purchase a highly efficient grain dryer.
- **D & D Kramersmeier in Buffalo Center** will receive a **\$10,700** grant to help purchase a new tower dryer.
- **Kenneth Timp in Calmar** will receive an **\$11,441** grant to help replace an energy inefficient grain drying system.
- **Joseph Bullerman in Calmar** will receive a **\$17,306** grant to help replace an energy inefficient grain drying system.
- **Reuben Hageman in Calmar** will receive a **\$19,965** grant to help replace an energy inefficient grain drying system.
- **Donald Hatch in Center Point** will receive a **\$17,256** grant to help replace a grain drying system.
- **Bruce Copper in Charles City** will receive a **\$32,153** loan and **\$32,153** grant to help replace an old inefficient grain dryer with a new, highly efficient grain dryer.
- **Douglas Stadler in Chelsea** will receive a **\$12,033** grant to help purchase a highly efficient grain dryer.
- **Adam Walton in Clarion** will receive an **\$11,682** grant to help replace a MC775 model continuous flow dryer with a Super BS-625C continuous flow dryer.

- **Clifton A. Johnson in Clarksville** will receive a **\$12,500** grant to help purchase a highly efficient grain dryer.
- **G. Ronald Franks in Clear Lake** will receive a **\$15,118** grant to help replace an outdated grain dryer with a new, highly efficient grain dryer.
- **Grove Grain, LLC in Clear Lake** will receive a **\$42,836** loan and **\$21,418** grant to help replace an old inefficient grain dryer with a new, highly efficient grain dryer.
- **Thomas J. Hoffman in Coon Rapids** will receive a **\$19,881** grant to help replace an existing inefficient dryer with a new, energy efficient grain dryer system.
- **Kevin K. Kew in Coulter** will receive an **\$18,754** grant to help replace an outdated grain dryer with a new, highly efficient grain dryer.
- **Twinam Farms, Ltd in Crawfordsville** will receive a **\$31,822** loan and a **\$31,822** grant to help replace an inefficient grain drying system with a new, energy efficient grain drying system.
- **Leland Hovey in Cresco** will receive a **\$14,986** grant to help replace an energy inefficient grain drying system.
- **Frank Jones in Cumberland** will receive a **\$58,685** loan and **\$39,123** grant to help replace an old in-bin burner grain dryer with a new more energy efficient continuous-flow grain drying system.
- **Edward Stoen in Decorah** will receive a **\$3,388** grant to help replace an energy inefficient grain drying system.
- **Galen Tietz in Decorah** will receive a **\$12,440** grant to help replace an energy inefficient grain drying system.
- **Robert Hemesath in Decorah** will receive a **\$19,751** grant to help replace an energy inefficient grain drying system.
- **Myron Krauskopf in Decorah** will receive a **\$10,581** grant to help replace an energy inefficient grain drying system.
- **Michael Sersland in Decorah** will receive a **\$16,970** grant to help replace an energy inefficient grain drying system.
- **Randy Patterson in Decorah** will receive a **\$17,002** grant to help replace an energy inefficient grain drying system.
- **Dean Darling in Decorah** will receive a **\$12,460** grant to help replace an energy inefficient grain drying system.
- **Richard Recker in Delhi** will receive a **\$18,081** grant to help replace a grain drying system.
- **Steven K. Martens in Dexter** will receive a **\$15,408** loan and **\$21,802** grant to help purchase and install a new energy efficient grain drying system.
- **Steward Farm in Dixon** will receive a **\$44,018** guaranteed loan and a **\$44,018** grant to help replace a grain drying system.
- **Mike Wibholm in Dows** will receive a **\$93,156** loan and **\$46,578** grant to help replace a 1967 Kansun grain dryer with a 2009 Sukup continuous flow T-1651AS dryer.

- **Fleshner Farms, Inc. in Dysart** will receive a **\$20,000** grant to help replace a grain drying system.
- **David Vogeler in Dysart** will receive a **\$49,494** loan and **\$49,494** grant to help replace an old inefficient grain dryer with a new, highly efficient grain dryer.
- **Jody Kasal in Elberon** will receive a **\$16,705** grant to help purchase a highly efficient grain dryer.
- **Duane Streif in Elgin** will receive a **\$19,970** grant to help replace a grain drying system.
- **Kenneth Fangman in Elma** will receive a **\$27,783** loan and **\$27,783** grant to help purchase and install an energy efficient grain drying system.
- **Jason Ludwig in Elma** will receive a **\$29,745** loan and **\$29,744** grant to help purchase and install an energy efficient grain drying system.
- **Bruce Nilges in Elma** will receive a **\$5,895** grant to help replace an energy inefficient grain drying system.
- **Thomas Shatek in Elma** will receive an **\$18,235** grant to help replace an energy inefficient grain drying system.
- **DNA Farm Corporation in Fairfield** will receive a **\$38,538** loan and **\$38,538** grant to help replace an inefficient grain drying system with a new, energy efficient grain drying system.
- **S & N Family Farms, Inc. in Farley** will receive a **\$17,625** grant to help replace a grain drying system.
- **John K. Frey in Fayette** will receive a **\$45,757** loan and **\$45,757** grant to help replace an old continuous-flow grain dryer with a new more energy efficient continuous-flow grain drying system.
- **Bruns Brothers in Fertile** will receive an **\$18,138** grant to help replace an outdated grain dryer with a new, highly efficient grain dryer.
- **Maurice M. Johnson in Floyd** will receive a **\$12,614** grant to help replace an outdated grain dryer with a new, highly efficient grain dryer.
- **Matt Herold in Fort Atkinson** will receive a **\$19,053** grant to help replace an energy inefficient grain drying system.
- **Tom Kriener in Fort Atkinson** will receive a **\$10,080** grant to help replace an energy inefficient grain drying system.
- **Niehaus, Inc in Garnavillo** will receive a **\$40,083** loan and a **\$40,083** grant to help replace a grain drying system.
- **Gary Dempster in Garnavillo** will receive a **\$12,500** grant to help replace a grain drying system.
- **Kurt Dallman in Garner** will receive a **\$12,172** grant to help replace an old bin drying system with a Sukup T-1211AS continuous flow dryer.
- **K & K, Inc. in Garner** will receive a **\$16,992** grant to help replace a 35+ year old circu-flow in-bin dryer with an energy efficient continuous-flow dryer.
- **Marvin Young in Garner** will receive a **\$56,022** loan and **\$28,011** grant to help replace two bin dryers and a Sukup T-1611AS dryer with a Sukup T-2031AS dryer.

- **Nicholas Upmeyer in Garner** will receive an **\$8,283** grant to help replace an old DMC Grain Flow dryer with a Sukup T-1611A continuous flow dryer.
- **Thomas E. Schmidt in Garner** will receive a **\$6,400** grant to help replace a Farm Fan 190 auto batch grain dryer with a Sukup T-1611AS grain dryer.
- **Jon Kaiser in Garrison** will receive a **\$42,980** loan and a **\$42,980** grant to help replace an inefficient grain drying system.
- **Randy Welton in Garwin** will receive a **\$16,734** grant to help purchase a highly efficient grain dryer.
- **Kenneth Bru in Gladbrook** will receive a **\$47,167** loan and a **\$46,166** grant to help purchase and install an energy efficient grain drying system.
- **David Patterson in Guthrie Center** will receive an **\$18,000** grant to help purchase and install a new energy efficient grain drying system.
- **Ronald Chambers in Hamlin** will receive a **\$19,950** grant to help replace an old batch grain dryer with a new more energy efficient continuous-flow grain drying system.
- **Scott Simons in Hampton** will receive an **\$11,356** grant to help replace an outdated grain dryer with a new, highly efficient grain dryer.
- **Donald Schmitt in Holy Cross** will receive a **\$19,816** grant to help replace a grain drying system.
- **Michael Ries in Hopkinton** will receive a **\$28,333** loan and a **\$28,333** grant to help replace a grain drying system.
- **Kix, Inc in Hubbard** will receive an **\$11,672** grant to help replace an outdated grain dryer with a new, highly efficient grain dryer.
- **Davenport Farms, Inc in Ida Grove** will receive a **\$12,225** grant to help purchase and install a new energy efficient grain dryer.
- **William Dolan in Independence** will receive a **\$19,972** grant to help replace a grain drying system.
- **Walter Ruth in Janesville** will receive a **\$16,441** grant to help replace a grain drying system.
- **Philip M. Thoma in Jesup** will receive a **\$25,799** loan and **\$25,799** grant to help replace an old continuous-flow grain dryer with a new more energy efficient continuous-flow grain drying system.
- **Richard Trumbauer in Jesup** will receive a **\$12,375** grant to help replace a grain drying system.
- **Douglas K. Arneson in Joice** will receive a **\$12,395** grant to help replace an outdated grain dryer with a new, highly efficient grain dryer.
- **Douglas Petersburg in Joice** will receive a **\$16,060** grant to help replace an outdated grain dryer with a new, highly efficient grain dryer.
- **Joel Seglem in Kingsley** will receive a **\$26,065** loan and **\$26,065** grant to help purchase and install a new energy efficient grain dryer.
- **Knudtson Enterprises, Inc. in Lake Mills** will receive a **\$27,277** loan and **\$27,277** grant to help replace an old inefficient grain dryer with a new, highly efficient grain dryer.

- **James Rygh, Jr. in Lake Mills** will receive a **\$20,000** grant to help replace an old MC 975 dryer with a GSI 2314.
- **Alan Baumann in Lakota** will receive a **\$7,949** grant to help replace an old batch dryer with a MC CF320 dryer.
- **David Sachs in Lakota** will receive a **\$16,945** grant to help replace a Shivers bin dryer with a MC 10630 continuous flow dryer.
- **William Lofstrom in Lakota** will receive a **\$26,334** loan and **\$26,334** grant to help replace a 14 year old Super B5D250 dryer with a Sukup T202 model continuous flow dryer.
- **Meier Farm Corporation in LaPorte City** will receive a **\$29,529** loan and **\$29,529** grant to help replace an old continuous-flow grain dryer with a new more energy efficient continuous-flow grain drying system.
- **Shardo Farms, Ltd. in LeClaire** will receive a **\$37,024** guaranteed loan and a **\$37,024** grant to help replace a grain drying system.
- **Jim Fuelling in Luana** will receive a **\$16,506** grant to help replace a grain drying system.
- **Luther Schutte in Luana** will receive a **\$7,690** grant to help replace a grain drying system.
- **Russell Reth in Manchester** will receive a **\$19,922** grant to help replace a grain drying system.
- **John J. Hinnners in Manning** will receive a **\$42,730** loan and **\$42,730** grant to help replace an existing inefficient dryer with a new efficient dryer system.
- **Scott Wirth in Maquoketa** will receive a **\$38,125** loan and a **\$38,125** grant to help replace a grain drying system.
- **Meythaler Farms, Inc. in Marion** will receive an **\$11,687** grant to help replace a grain drying system.
- **Robert J. Short in Masonville** will receive a **\$43,976** loan and **\$43,976** grant to help replace an old continuous-flow grain dryer with a new more energy efficient continuous-flow grain drying system.
- **Mark Birchmier in Maxwell** will receive a **\$34,171** loan and **\$34,171** grant to help purchase and install an energy efficient grain drying system.
- **Wiemers Farms, Inc. in Melbourne** will receive a **\$22,578** loan and **\$22,578** grant to help replace an old inefficient grain dryer with a new, highly efficient grain dryer.
- **Andy Faaborg in Meservey** will receive a **\$7,981** grant to help replace an outdated grain dryer with a new, highly efficient grain dryer.
- **Darrell Thordsen in Monmouth** will receive a **\$17,172** grant to help replace a grain drying system.
- **Tim Donlon in Monona** will receive a **\$12,250** grant to help replace a grain drying system.
- **James Ries in Monticello** will receive a **\$40,177** loan and **\$40,177** grant to help replace a grain drying system.
- **Jerry Marolf and Sons, Inc in Moscow** will receive a **\$35,349** loan and **\$35,349** grant to help replace a grain drying system.

- **Prairie Ag Cooperative in Mt. Union** will receive a **\$160,252** loan and **\$160,252** grant to help replace an inefficient grain drying system with a new, energy efficient grain drying system.
- **Schulz Farm Enterprises, Inc. in New Hampton** will receive a **\$22,375** grant to help replace a grain drying system.
- **Leon Zeien in New Hampton** will receive a **\$33,321** loan and **\$33,321** grant to help purchase and install a new energy efficient grain drying system.
- **Jerry Rochford in New Hampton** will receive a **\$12,464** grant to help replace an energy inefficient grain drying system.
- **James Eckenrod in New Hampton** will receive a **\$99,907** loan and **\$49,953** grant to help replace an energy inefficient grain drying system.
- **Rex Lawler in New Providence** will receive a **\$19,965** grant to help replace an outdated grain dryer with a new, highly efficient grain dryer.
- **James Martin in New Providence** will receive a **\$33,688** loan and **\$33,687** grant to help replace an outdated grain dryer with a new, highly efficient grain dryer.
- **Ro-Den-Cris, Inc. in Newton** will receive an **\$18,435** grant to help replace a grain drying system.
- **Clair Hengesteg in Northwood** will receive a **\$19,847** grant to help replace an outdated grain dryer with a new highly efficient grain dryer.
- **Austin Moore in Oelwein** will receive a **\$18,764** grant to help replace a grain drying system.
- **Swigert Farms, Inc. in Ogden** will receive a **\$20,000** grant to help replace a 30 year old MC dryer with a Superb SQ 24 dryer.
- **Swigert Farms, Inc. in Ogden** will receive a **\$26,118** grant to help replace a 30 year old MC dryer with a Superb SQ 24 dryer.
- **Monte Rogers in Orchard** will receive an **\$7,411** grant to help replace an outdated grain dryer with a new, highly efficient grain dryer.
- **Fox River Mills, Inc. in Osage** will receive a **\$17,837** grant to help replace outdated, non-energy efficient Metal Halide lighting fixtures with a new, highly efficient Super T-8 ballasts and Flourescent High Bay fixtures in the knitting room.
- **Arlin Franzen in Ossian** will receive a **\$19,561** grant to help replace an energy inefficient grain drying system.
- **Marlyn Murra in Parkersburg** will receive a **\$69,063** loan and **\$34,531** grant to help replace an old inefficient grain dryer with a new, highly efficient grain dryer.
- **Sinclair Elevator, Inc. in Parkersburg** will receive a **\$155,864** loan and **\$155,863** grant to help replace an old inefficient grain dryer with a new, highly efficient grain dryer.
- **Kenneth D. Lund in Polk City** will receive a **\$44,305** loan and a **\$44,305** grant to help purchase and install an energy efficient grain drying system.
- **Glenn Griffin in Postville** will receive a **\$12,500** grant to help replace a grain drying system.

- **Kent Schultz in Postville** will receive an **\$18,491** grant to help replace an energy inefficient grain drying system.
- **Jennings Landscaping and Farms in Prairie City** will receive a **\$17,950** grant to help install a wind turbine for the landscaping business and farming operation.
- **Gene G. Grant in Preston** will receive a **\$54,500** guaranteed loan and a **\$27,250** grant to help replace a grain drying system.
- **Rolin Holst Farms, Inc in Princeton** will receive a **\$16,977** grant to help replace a grain drying system.
- **Keith & Gail, Inc in Pulaski** will receive a **\$51,375** guaranteed loan and a **\$33,791** grant to help replace a grain dryer with an energy efficient grain dryer.
- **Rollin Fink in Randalia** will receive a **\$10,450** grant to help replace a grain drying system.
- **Charles Murphy in Reinbeck** will receive a **\$12,500** grant to help purchase a highly efficient grain dryer.
- **Kelly Christensen in Riceville** will receive a **\$19,016** grant to help replace an energy inefficient grain drying system.
- **Steve Eastman in Riceville** will receive an **\$88,904** loan and **\$44,452** grant to help replace an old inefficient grain dryer with a new, highly efficient grain dryer.
- **Kevin Moellers in Ridgeway** will receive a **\$99,603** loan and **\$49,802** grant to help replace an energy inefficient grain drying system.
- **Eric Wemark in Ridgeway** will receive an **\$8,645** grant to help replace an energy inefficient grain drying system.
- **Kenneth Ries in Ryan** will receive a **\$16,920** grant to help replace a grain drying system.
- **Mikel Carstensen in Schaller** will receive a **\$28,452** loan and **\$26,151** grant to help replace an existing inefficient dryer with a new efficient dryer system.
- **Gary Reimer in Schleswig** will receive a **\$73,484** loan and **\$46,161** grant to help purchase and install a new energy efficient grain dryer.
- **Hayen Farms, Inc. in Scotch Grove** will receive a **\$19,795** grant to help replace a grain drying system.
- **Brent Carlson in St. Olaf** will receive a **\$19,303** grant to help replace a grain drying system.
- **Northern Country Cooperative Company in Stacyville** will receive a **\$127,215** loan and **\$127,215** grant to help replace an old inefficient grain dryer with a new, highly efficient grain dryer.
- **Dennis Anderson in State Center** will receive a **\$19,883** grant to help replace an outdated grain dryer with a new, highly efficient grain dryer.
- **Joe Faga in Story City** will receive an **\$8,484** grant to help replace an outdated grain dryer with a new, highly efficient grain dryer.
- **Larry Toenges in Sumner** will receive a **\$20,000** grant to help replace a grain drying system.

- **Alphs Farms, Inc. in Thompson** will receive an **\$19,540** grant to help replace a 35 year old Kansun dryer with a new GSI 1220 dryer.
- **Darin Axline in Tipton** will receive a **\$19,941** grant to help replace a grain drying system.
- **Scott Langley in Tipton** will receive a **\$34,629** guaranteed loan and a **\$34,629** grant to help replace a grain drying system.
- **Thunderbird Farms, Inc. in Traer** will receive an **\$8,300** grant to help purchase a highly efficient grain dryer.
- **Steven Schade in Walker** will receive a **\$99,390** loan and a **\$49,695** grant to help replace a grain drying system.
- **Christopher Soules in Waterloo** will receive a **\$99,632** loan and a **\$49,816** grant to help replace a grain drying system.
- **Merle Reicks in Waucoma** will receive a **\$18,128** grant to help replace a grain drying system.
- **John Opfer in Waukon** will receive a **\$5,490** grant to help replace an energy inefficient grain drying system.
- **Chad Heim in Waverly** will receive a **\$19,612** grant to help replace a grain drying system.
- **Lowell Unruh in Wayland** will receive an **\$8,965** grant to help replace existing turkey barn insulation with new, energy efficient insulation.
- **Russell W. Kress in Webb** will receive a **\$32,750** loan and **\$32,750** grant to help replace an existing inefficient dryer with a new efficient dryer system.
- **Raymond Slach in West Branch** will receive a **\$42,822** loan and a **\$42,822** grant to help make energy-efficiency improvements to his operation.
- **West Side Acres, Ltd in West Liberty** will receive an **\$11,964** grant to help replace an inefficient grain drying system with a new, energy efficient grain drying system.
- **Heying Firm, Inc. in West Union** will receive a **\$16,283** grant to help replace a grain drying system.
- **Kerri Langreck in West Union** will receive a **\$16,248** grant to help replace a grain drying system.
- **John Francois in Winthrop** will receive a **\$14,645** grant to help replace a grain drying system.
- **Brock Hansen in Wyoming** will receive an **\$18,186** grant to help replace a grain drying system.
- **Jason Zamastil in Wyoming** will receive a **\$19,511** grant to help replace a grain drying system.
